My sisters and Cthulhu (The Little Mermaid 1989)

by MiaQc

Summary

One short and the sequel to Cthulhu's Toy. Plotless porn. The Little Mermaid's animated movie version. Ariel and her sisters are over 18.

I'm Ariel, Cthulhu's toy, and I'm so happy that my sisters are going to belong to him.

- A translation of Mes sœurs et Cthulhu (La Petite Sirène 1989) by MiaQc

In R'lyeh, I'm in my naked human form. Lying on a silk bed, I enter my finger gently into my pussy while Cthulhu watches me.

I am Ariel. I'm his toy. He loves to watch me masturbate. I touch my G-spot with my finger. I moan louder and louder. I come. Cthulhu is happy.

He approaches me and uses his tentacles to clean the outside of my vagina. I yell with pleasure, then Cthulhu tells me telepathically that he has a nice surprise for me. He speaks to me in the R'Lyehian language, but I can understand him.

I follow him and he leads me into a kind of dungeon. Chained to a wall are six women and I recognize them despite their metamorphoses. These are my sisters. Adella, Alana, Andrina, Aquata, Arista and Attina. They have a kind of ball in their mouths, which prevents them from speaking.

Cthulhu tells me mentally that my sisters came to R'lyeh to "save me," even though I'm happy with him. Soon we will be reunited. First, he has to make love to them, so they'll stay by his side for eternity. I smile. What a wonderful surprise!

Cthulhu starts with Attina. He gently enters a finger into her pussy and uses another finger to squeeze her clit. Attina struggles. She lets out a muffled scream. Cthulhu squeezes her G-spot repeatedly, penetrating her several times with his finger. Attina cum and no longer struggles. Cthulhu enters his penis into her vagina, rams her several times and ejaculates. Attina belongs to him now.

He frees her and continues with Alana. Attina joins me and we watch Cthulhu make love to Alana. As with Attina, he enters her pussy with his finger, makes her cum, then ejaculates inside her with his cock. Alana is now his too.

Cthulhu frees Alana and goes on to make love with my other sisters. Adella, Aquata, Arista and he finishes with Andina. Cthulhu did the same thing with each of my sisters. He fingered her pussy, got her wet, made the mermaid-turned-human cum, then penetrated her with his penis to ejaculate inside her.

Now all my sisters are free and by my side. I am happy. We all belong to Cthulhu and our bodies will please him for life.

I ask him if he wants to enter his cock inside me and he agrees.

Cthulhu penetrates my pussy and I scream with pleasure. I can't wait for him to give me his seed.
